Software

To complete your Macintosh computer system you will need software to suit the task you wish to carry out.

You can choose from the many thousands of apps that are available and we will always be pleased to advise.

Art & Design

Adobe Photoshop Elements 2019 (ADOS015) **£69.95**
Compatible with you Mac or PC, Photoshop Elements provide an affordable, but still powerful alternative to Adobe's line of professional photo editing apps.

Productivity

Parallels Desktop 14 **£64.95**
Full operating system virtualisation program. Run Windows alongside your Mac! (PARS007)

Microsoft Office Home and Student 2019 1 User - No media (MICS011) **£109.95**
Includes Word, Excel and PowerPoint.

Many other apps are also available, either through us or through the online App Store. If you need any advice on what apps are best suited to your needs, we will be happy to help.
